Hey.

This font is made with vector love. I've spent a ton of time trying to make this typeface as best as I could. It's my first, but it certainly isn't going to be my last. Also, don't be a dick and directly send it to someone, show them the original source!

This is free for personal and commercial use. Don't do anything illegal with this, alright?

Let me know if you did something snazzy with this typeface on Twitter @tevinbloise or via [tevinbloise@gmail.com](mailto:tevinbloise@gmail.com).

Please type responsibly and use the typeface as intended. Don't use it for a bakery (unless everything is holographic and shit.) If you make something ugly, I'll instantly disown you.

Cheers,  
/Tevin
