

Le suis une typographie de style blackletter avec plus de 300 glyphs, mon nom est Blonde, comme la bière blonde, j'ai un goût amer et sucre au même temps.

Il am a display typeface blackletter style over 300 glyphs, my name is blonde, like beers and I have a bitter and sweet taste at the same time.

Soy una tipografía display de estilo blackletter con más de 300 glifos, mi nombre es Rubia, como las cerezas y tengo un sabor amargo y dulce a la vez.

# Display Type.

# inspired by gothic strokes

A large, stylized letter 'A' is composed of black diagonal hatching on a white background. The hatching consists of numerous parallel lines that create a strong visual texture. The letter is oriented vertically, with its top extending towards the top edge of the frame and its bottom resting on a thick horizontal base. The hatching is applied to all the solid areas of the letter, leaving the internal spaces and the base as white space.
